INTERNSHIP OPPORTUNITY

SUMMARY: Prosperity Technology Services Co. Ltd is **undergoing its registration process** to generally carry out the business of trading in computer and electronic accessories, Car tracking technology, Car rental services to the general public, teaching computer programs (software & Hardware packages) to students in private and public Schools and to offer a full range of graphic design and website development services. We envisage carrying out workshops (corporate training) for employees in Government Ministries and Agencies to obtain computer knowledge, Databases Design and implementation, Computer Hardware and Networking services, Seminars for the general public or individuals to have basic computer insight.

In our preparation process, the business now operates a mini shop and is seeking qualified interns to serve as a Desktop Publisher and Graphic Designer.

Qualifications/Requirements:

- Secondary Education with training in electronic data processing, information technology or related field
- Previous experience in Desktop Publishing and Graphic Design.
- Previous experience in Computer, printer, scanner and photocopiers configuration
- Computers repairs, troubleshooting and maintenance

Competencies:

- **Computer skills:** Knowledge of application software (CorelDraw, Dream-Weaver, Photoshop, Publisher, other Microsoft Office Suite ETC.)
- **Language skills:** Ability to comprehend, speak and write well in English.

Deadline for submission of application: 10 January 2016. Interested Applicants can apply by submitting soft copies of Resume/CV to: prosperitytechnologyservices@gmail.com. With copy to **RITA GAILOR**, Operation Manager at rita.gailor@yahoo.com. **No Hard Copies will be accepted.** Please include the title in the subject line of your submission. Failure to place the title in the subject line will disqualify your application. No phone calls please! Only those eligible for an interview will be contacted.

Women and minorities are encouraged to apply. Prosperity Technology Services Co. Ltd will never request payment from candidates in the recruitment process.

Our Target:

To build a place where people can come to find and discover new technologies they might want to be offered
